Hey team,

Thanks for your great work on drafting management objectives. I know Jeremy had some last minute suggestions for them, and I'm hoping that the four of you might be able to agree on those and then send the new goal/objectives out to the Eco Team for review. Might it be possible to send those out today? That would be really helpful to us in finalizing our direction to the LWG (which we're doing on Monday).

Thanks very much,

Mikell
